Can't Swim? We Know People

Hello, my name is Stacy and I live in the Smoketree neighborhood.

Make a splash this summer with fun, safe, and effective swim lessons! As a certified swim instructor and CPR-certified professional, safety is always my top priority. During the school year, I'm an elementary school teacher, so teaching comes naturally to me—I know how to break skills down in a way that's engaging, encouraging, and easy to understand for all learners.

Whether your child is just getting comfortable in the water or ready to refine their strokes, I provide patient, personalized instruction to help build confidence and strong swimming skills. I truly love helping kids grow, learn, and enjoy the water—let's make this a summer of progress and fun!

I have been teaching swim lessons for many years with great success. I also coached a swim team. I teach one-on-one for 30 min lessons. I have a multitude of references.

The total cost is due after the first lesson.

When you message me, tell me a little about your child/children and if they have had previous lessons. I look forward to speaking with you!!
